PROFESSIONAL PROFILE

I can do that, but the uploaded prompt only contains:

Company: EA

Position: First Systems Operations Manager

Location: Madrid

Job Description: "Test"

There is no actual Job Description, so I cannot tailor the CV. Following your own generation rules ("Use only verified experience" and "Select only job-relevant evidence"), creating a customized ATS CV would require inventing requirements, which I won't do.

Please upload or paste the real JD (or the LinkedIn job page text). Then I'll generate:

ATS-optimized CV

Maximum 2 pages

Executive Manager positioning

EA-specific keyword optimization

Source-of-Truth only

No invented experience

Final Ready-to-Apply version only
